*"The final lesson of Mankind's evolution may well be that animals are sacred and deserving of our protection."*

Anna C. Briggs

Founder of The National Humane Education Society

As a program of The National Humane Education Society (NHES), the BAAC operates on Mrs. Anna C. Briggs' guiding philosophy that companion animals are sentient creatures, each of whom has intrinsic value in and of themselves and, therefore, our stewardship does not include the killing of one healthy animal in order to "make room" for another animal.

The BAAC's primary mission is to place cats and dogs in loving homes with compassionate people who will fulfill lifelong commitments to them by accepting them as a member of their family. The BAAC relies solely on charitable contributions to achieve its mission and to carry out its program services on behalf of cats and dogs. These services include (1) animal rescue, (2) comprehensive veterinary medical care—including mandatory spay/neuter before adoption, (3) canine obedience training, and (4) comprehensive adoption services—including the delivery of all dogs to their new homes.

The BAAC does not receive any government funding and is only able to provide its adoption services to help animals because of the generosity of people like you. To learn more about the BAAC, and The Annual Footin' For Animals Walk/Run, please visit our website at [www.baacs.org](http://www.baacs.org).
